

**Tough decisions are
being made about
public services.**

If you value the arts in your community,
you need to make your voice heard.

www.ivaluethearts.org.uk

Show the decision-makers that the arts are vital and valued.
Pledge your support and we'll keep you informed about
plans that could affect arts provision, nationally and
locally to you (and provide practical suggestions on
how you can strengthen the arts in your area).

Get involved and together we can make a difference.

This campaign is managed by the NCA and has been made possible
entirely through donations and voluntary support.
